## THE HOMELESS.

Methodist services in the Opera House.

The Order of the Tabernacle in Congregation.

A goodly number of the congregation of Bridge Street Church attended services at the Opera House yesterday. The day was bitter cold, yet at the morning service the orchestra, perfect and balcony chairs were occupied and the evening service was well attended. In the evening the congregation was large.

It was awkward enough for the congregation to turn from their accustomed place of worship, with a most comfortable and comfortable church, and to be further effected to this resolution by bespeaking on their behalf the practical sympathy of the people of our respective congregations.

The Harbor and Ferry Committee recommended that contracts be asked for, for removing sunken piers from the mouth of the river.

The Special Committee composed of Mayor Dunnet, Ald. Diamond, Johnson, Tickle, and the City Solicitor, to inquire into the amount the City should pay for the administration of justice in the County, reported that they found \$2,000 to be a fair share from the city, but recommended, to save litigation, the city \$2,000.

In Committee of the Whole on Reports, Ald. Johnson in the chair, Ald. Diamond suggested that a copy of the report be furnished the County Committee.

The Mayor stated that the committee had carefully gone over the Treasurer's books and found that \$2,000 was a liberal amount, but to save costs of litigation would recommend, as they did, \$2,000.

Ald. Bigger asked what the committee had recommended. He learned from members of the County Committee that they were now less disposed to accept \$3,000 than before.

The City Solicitor said they allowed the county a fee for jail officials and a fee for all supplies. In numerous other items they allowed 15. They also allowed a fair amount for repairs on the jail and for lighting and fuel for the jail building and the Sheriff Hall. The county valued the jail property at \$60,000 which was excessive and asked the city to pay 6 per cent on the amount invested. The city valued the property at \$60,000 and allowed six per cent. He asked that an arbitrator were to settle the difficulty taking as a basis the population and assessment of the city against the population and assessment of the county the city would not have to pay \$2,000.

Ald. Bigger enumerated the items allowed by an arbitrator appointed to adjust a like difficulty between the City of Ottawa and the County of Carleton.

After hearing Ald. Bigger the Council was of the opinion that the precedent made by the case he cited made it all the better for the city.

Mr. Morrison, agent of the Ball Electric Light Company, said he had a list of about 40 subscribers, and asked for the privilege of erecting poles for electric wire to furnish them with light. He asked that he be allowed to erect poles on Front Street, and was willing to allow other companies to use the poles he erected, provided they bore a share of the expense.

Mr. Lott, on behalf of Potter & Lott, said that Mr. Morrison came after he had been negotiating with him to furnish them a plant, and solicited subscriptions for his system. These subscribers had told him that they would cancel their orders, as they did not know the system.

The petitioners to erect poles were allowed, on condition that one set of poles be used by both Companies, and that they avoid using Front and Campbell Streets—the city reserving the right to remove the poles as soon as they lay them down.

The Mayor reported that the manager of the Canada Pacific Railway had stated in reply to a letter, that the Company was as desirous as ever to secure connection with Belleville, and that the city had applied for a charter for right of way from Belleville to some point on the railway.

Ald. J. W. Johnson asked if there was any clause in the snow by-law that made the cleaning of snow in front of non-resident property compulsory.

The City Solicitor replied that, as the by-law now stood, there was not, but he had drafted an amendment, by-law covering that point, which would be introduced at the first meeting of the new Council.

Ald. Diamond and J. W. Johnson submitted the following resolution, which was put by the Clerk and carried with warm applause:

"That this Council cannot allow Mr. W. Johnson, Mayor Dunnet, to return from the chair without first making a public expression of the faithful and active service rendered to the City and the County."

Ald. Diamond said that during the two years in which Mayor Dunnet had occupied the chair he had put forth his utmost effort to discharge his whole duty and he believed had accomplished his aim. He had taken a large interest in all the city's affairs and faithfully attended at all the committee meetings, and had at all times been courteous and impartial in his rulings.

Ald. Pettit was glad to hear such a word of praise about the retiring mayor, who had filled the office so well for the past two years. He believed, he said, that he would be glad to go along in harness as well. (Laughter.)

Ald. J. W. Johnson said he was glad to say a word of praise about the retiring mayor, who had filled the office so well for the past two years. He believed, he said, that he would be glad to go along in harness as well. (Laughter.)

### Sunday School Entertainment.

An interesting time at St. Andrew's Church.

The Sunday School children of St. Andrew's Church assembled in the basement of that building on Tuesday evening, and gave a most attractive feature.

The Rev. Mr. W. McLean, the Pastor, occupied the chair. The programme was approved by singing by the school and prayer by the Pastor. The most attractive feature was a string of poems by 13 little girls; each had a banner with the first letter of the first word of their poem upon it. The first of banners read "A Happy New Year."

The breaking of gifts containing outbursts taken for the benefit of the library, revealed the sum of \$20.

The new banner for the Band of Hope was shown, and was much admired.

This banner has 500 followers in Belleville.

Before dispersing the children were all supplied with a bag of confectionery, and departed for home happy and contented.

### Board of Education.

A Brief Session During Which Mr. Walker Made a Report.

The Board of Education met to close up last year's business last night, Mr. W. Johnson in the chair. The members present were Messrs. Tennant, Moore, Martin, Haynes, Walker, Tracy, McGinnis, Carmichael, Davis, Bogart, Willis.

The Finance Committee recommended the payment of a number of accounts.

In a Committee of the whole on finance, Mr. McGinnis in the chair, the report was adopted.

Mr. Carmichael enquired what had been done to stop the Station School during Miss Emma's illness. Mr. John Johnston, Inspector, said Miss Chambers had charge of the school for some time. It had been open every day except last Thursday.

Dr. Wright had, master of the High School, submitted his monthly report, which was referred to the Committee of School Management, with power to act.

Mr. Hugh Walker stated to the Board that he had seen the remarks concerning Miss Minnie Ryan in the last meeting of the Board. He then warned the Board against employing her, as he had been informed she had applied to the Inspector of North Hastings, Mr. MacKintosh, and had been refused a school. He since learned from that gentleman that Miss Ryan had never applied to him, and consequently could never have been refused.

### The Carlin Club.

The Arrangements for the season.

There was a fair attendance of members at the meeting of the Carlin Club, which was held at Mr. D. M. Waters, Vice President, on Tuesday.

Mr. Angus McFee announced that the President, Mr. Thomas Atkinson, offered for competition in the granite race a prize of \$100 for the first and a cup if it was for the Club to determine.

It was decided that a cup and not a desirable.

A committee was appointed to negotiate with the Directors of the Company as to the renting of the rink by the Club, the result to be reported to the Club.

Letters were read from the Canadian Branch (non-playing) notifying the Club that their membership would not be affected by joining the Ontario Branch; that the Belleville Club had been drawn against the Montreal Club, and of the competition for the Governor General's medal.

Also from the Ontario Branch (granite playing) accepting the membership of the Club, stating that Belleville had been drawn against the Burnie Club of Oshawa, for a medal, with Mr. G. Hamilton, of Kingston, as umpire; as to the Ontario (granite) competition; and inviting the Club to send one rink to compete in the annual bonspiel Toronto and the County of York against the Province.

Also, from the Montreal Club suggesting that the final match be played by the 17th and 18th.

The Secretary, Mr. W. H. Biggar, stated that he was in correspondence with the Oshawa Club as to the match.

It was resolved to take no part in the rink playing for the Governor General's medal, and to send a granite rink to the Toronto bonspiel.

On motion the Secretary was instructed to accept the Montreal Club's dates and to propose that the match be played at Brockville, two rinks a side.

The following players were elected skip or the season, the voting being by ballot. D. M. Waters, R. S. Bell, W. H. Biggar, J. A. Lower, J. A. Gordon, W. H. Campbell, Thomas Thompson and Wm. Stearns.

It was arranged that the annual match, Canada vs. the Old Country, for the Pittsford medal, shall be completed by Saturday, the 23rd inst.

The Club then adjourned.

Their prospects are excellent, as the membership is 62, amongst them arduous excellent players. Of these 17 are granite players, of whom several also play rink.

### SUCCESSOR AT LAST

The Zurich's Island Inhabitants in Police Court.

A Good Work Only Half Completed.

The police made a raid on the crib of iniquity on Zurich's Island this morning, and brought nine prisoners to the cells with them. The party consisted of Mary Cole, known as "Flatfoot," the notorious "High-top," a Babcock girl aged 17 years, Henry Smith, an adherent of "High-top," aged 14, and two fatherless children, the off-spring of "Flatfoot," aged 14 and 12; Geo. Cole, 14 years; Benjamin Cole, 12; Victoria, 11; Margaret, 6; and Willie 4 years.

At 10 o'clock they were arraigned before the Police Magistrate, when Chief McKinnon testified that the woman known as Flatfoot had, so long as he had been in the city, led a life of prostitution, and that her abode had always been a resort of abandoned characters. She had repeatedly been convicted for her mother and daughter, and had served a term at the Mercer Reformatory, Toronto, all to no purpose. The children were neglected, receiving no education except in vice and depravity. They were allowed to go unclothed, and were of a filthy habit.

Sergeant McCruden swore to having made the arrest and the destitute condition in which he found the lot.

Ample proof of their lack of clothing was afforded by the appearance of the children. The youngest girl, who was wrapped in an Indian blanket to cover her tattered dress and bare head and feet.

Under the strength of the evidence submitted, the Magistrate decided to transfer the girls, Victoria and Margaret, to the Mercer Institution at Toronto, where they will be properly reared.

During the progress of the trial Mrs. J. D. Flint, Treasurer of the Women's Christian Association, called to see the girls and will provide them with suitable clothing.

Mrs. Schuster also called and wished to be allowed to take charge of them, but it was deemed best to send them to Toronto.

When the mother was told of the decision of the court she protested, but when told that the children were out of her control, she ceased to object, and begged for the girl and pushing the boys ahead of her left the court room. The little one who had been robbed of the blanket was left with no covering but a very ragged dress and scant undergarments. The two girls cried bitterly for their mother and clung to each other, refusing to be comforted for some time. They were fed by the police and will be well provided for.

The work done is good so far as it goes, but only has done two. The boys, Benjamin, aged 12 years, and Willie, aged 4 years, are worth an effort to save. Both are bright looking, smart and active little fellows, with open countenances, and to all appearances not naturally inclined to the life that their unfortunate mother would force upon them. Society owes them as much of a debt as it did their little sisters. Their rights should not be overlooked. In their present condition their little girls are as familiar with vice as with the ways of the world, and it is not to be expected that they will be given to the youngest girl, and the youngest boy, which you can purchase at a cheap price. Nervous and delicate, they are simple little. The large bottles are only 50 cents.

## Death of Dr. Thrasher.

(From Fall River Times.)

One of the saddest events that has ever occurred in Fall River was the death of Dr. J. W. Thrasher, in his 39th year, which took place on Friday, Oct. 23, 1885, between 12 and 1 o'clock. The deceased was only a few weeks from the immediate cause of his death being epilepsy.

He practiced his profession successfully in St. Louis and Pacific Mo. He came from Canada to this country while practicing in St. Louis, he held Dr. A. W. White, formerly of Charleston and this city, a very severe case of affection of the eyes. Dr. C. Stallard conducted the religious services on Saturday and he was buried in the Charleston Cemetery.

He leaves a wife and three children, one in Canada. One of the children in Fall River is a bright, crippled boy.

Dr. Thrasher came to Fall River about five months ago for the benefit of Mrs. Thrasher's health, and has practiced his profession successfully up to the time of his death. During his short residence here he has made a host of friends who deeply regret his untimely death.

He was buried by the Masonic Fraternity, of which he was an honored member, by their solemn and impressive ceremonies. The Greenwood Lodge No. 103 A. F. and A. M. forwarded a resolution of condolence to the widow and family of the deceased. Exchanges will please copy.

## Meeting of Directors.

West Hastings Agricultural Society.

The Directors of the West Hastings Agricultural Society met at Mr. J. W. Thrasher's office, Front Street, on Saturday afternoon, when there were present, Messrs. J. W. Thrasher, W. N. Perry, B. Mallory, J. S. Charles, J. M. Hurley, Jas. Bird, Wm. Davis, J. Nightingale, Jas. Chisholm, R. J. Graham, John Green, and J. M. Farley. The President of the Society, Mr. J. W. Thrasher, presided.

The claim of Mr. J. A. Johnston for \$1,000, the value of four pounds of butter and a towel stolen during last fall's exhibition, was allowed.

Mr. S. Charles said the receipts of the society at the Driving Park on the first day of the exhibition were \$946.40. Out of this had been paid \$75 as prize in 3 minutes and \$100 in 10 minutes in addition to a profit of \$120.40. This he said was the first time in the history of the society, when the last day's fair had shown a surplus of several hundred dollars.

Notes of thanks were passed as follows: To Mr. H. C. Gray, for the use of the Driving Park Association for the use of the Park on exhibition day; to contributors to the races; to Mr. Wm. Taylor for services as Marshal; to the judges and those who took an official part; to Mr. Wm. Davis, Secretary, and Mr. J. M. Farley, Treasurer of the Society; to the President, Mr. Harry, who was about to retire on account of ill health; to Mr. Jas. Bird, Ltd. View, and Mr. John Graham, and Vice.

Upon the suggestion of Mr. Hurley, the meeting adjourned to the 19th inst. Mr. Hurley to store his buggy and enter in the exhibition building without cost.

The decision of the Judges with regard to Mr. Vanblarck's exhibit—a washing machine—was a day late of heat, but was a subject matter. The claim of R. W. Heron for prize in Durban ball was discussed. His claim was based on prize reports which were said to be wrong and no action was taken.

The Treasurer was authorized to pay Mr. John L. Johnson \$5 as prize on fat cow. Mr. Harry, the President, stated that \$2,700 of the debt on the exhibition grounds had been paid off. The debt was a heavy burden, and would be until paid off. This was \$4,000 still to be paid, and rather than have it remain as it was to the detriment of the Society, he would make a loan to the Society of \$3,000 at 6 per cent. interest.

After some further discussion as to the debt, it was anticipated from the City and Board of Trade, the Board adjourned.

## MUNICIPAL ORGANIZATION.

## PUTTING THE NEW MACHINE INTO WORKING ORDER.

The Standing Committee for 1886.

The new City Council assembled in the City building for organization this morning, there being present: Ald. Hanley, Fox, Macdonald, Diamond, Brignall, Pringle, Bigger, Reeves, Begg, Graham, Hay, Lott, Gervais, Petrie, Smeaton, and Backus.

Mayor McIntosh, upon being called to the chair by Ald. Bigger and Begg, and invested with the insignia of office, as he has many new faces before him. He hoped it would result to the benefit of the city in general.

He then moved that the Council be organized. There was much to be done during the coming year, but he would not attempt to block out the course of the Council. He believed them to be fully and completely equipped for the task.

There were two important matters which required attention. The putting of the main thoroughfare leading to the city in a thorough state of repair, and doing all that possibly could be done to relieve the suffering from the flood in Murray Ward.

As he took his seat he was warmly applauded. Ald. Bigger and Johnson moved that Ald. Backus, Brignall, Macdonald, Graham, Falkner, and the mover and seconder be a committee to strike the standing committee for the year 1886, and that the Council adjourn for 15 minutes, to allow them to report.

Ald. Hanley moved in amendment that the Council go into a committee of the whole on organization. He believed the work to be done by the standing committee could stand the light of day. It had been the custom in other years to appoint the standing committee by a special committee. He thought it was time the old custom was departed from.

Ald. Bigger objected to the younger members of the Council being put upon the special committee, and would like to know if it had not already been discussed and settled, who should form the committee.

Ald. Diamond said the remarks of Ald. Bigger were out of order. The new members of the Council were men of intelligence, and had sufficient interest in the city as any other members of the Council. It was attempted to form the standing committee in committee of the whole, it was liable to be an all day job. He thought it prudent to follow the precedent set in the past by former Councils. If there was any objection to the report of the committee it could be discussed.

The original motion was carried, when at the expiration of 15 minutes the special committee reported on the standing committee as follows:

ALDERMAN. Ald. W. N. Perry, B. Mallory, J. S. Charles, J. M. Hurley, Jas. Bird, Wm. Davis, J. Nightingale, Jas. Chisholm, R. J. Graham, John Green, and J. M. Farley. The President of the Society, Mr. J. W. Thrasher, presided.

Works. I told him I was elected by the people and did not intend to attend any business.

Ald. Hanley: "The statement is false and I give it a flat denial."

Ald. Falkner: "All right, but you said it."

The motion was lost. Applications were read from Messrs. J. D. Clarke and T. H. Bentley asking to be appointed auditors of the city by the Council.

The rules being suspended and the Council moved into a committee on the whole on the motion of Ald.
